The Eternity Game

The Zodiac

SAGITTARIUS

With the archer, the centaur of the Greeks, a splendid symbol of the oneness of higher and lower soul force, we are nearing our great goal.

The horse-man brings the gift of

effortlessness

to those who have become one, in body and soul, with their highest aim.

On the quality of your aim will depend the quality of your life, and to be in full union with the Divine is the final aim.

The secret of the archer is that he has his soul centre already in his

aim

through his continuous one-pointed

concentration

which is his path: he is already there; he has arrived! His whole consciousness has been projected forward. His longing precedes his arrow to the target.

Concentrate entirely on the one thing needful and put away, if they come, all ideas and forces that want to disturb it or make you deviate.

'Om' is the bow. Put yourself as the arrow

Suddenly shot from the tense bow of Time,
A ray returning to its parent sun.^[1]
