## The Four Mothers

[\[show\]](#)

### POWER

The splendid Mother of Force, the warrior of the worlds, brings us

### **rapidity**

intensity and strength, and is seated not in the wideness but on the

### **heights.**

Her way is a rapid

### **transformation**

by the sudden and immediately effective removal of all obstacles opposing her divine will. It is this aspect of the universe which makes possible the swift steps forward on the unending way of evolution. But she insists that we take our seat on the highest heights of our consciousness; only then can she shatter our limitations and smallness. Only when our aspiration mounts like a flame will she remove the enemies from our path. But it is by her fire and passion and speed

that the great achievement of transformation can be done now rather than in the future. So rejoice when this great power appears in your game; it represents a deep and passionate kindness in spite of its violent aspects, and its victorious force is always ready to help.
